To calculate a membership fee:

- A flat charge of 795.68 euros for all Broadcast members (as of 2013)
- Thereafter a further 227.34 euros (in 2013) for every million of inhabitants in the region or state where the member broadcasts. The number of viewers is the “universe” of viewers and equates to the population of the country.
- In addition, there is an automatic annual adjustment for the rate of inflation as defined by the uplift based on the HICP-Eurostat annual inflation rate for the previous year.

In 2016-17, for instance, [TVP]’s fee was 828.62 euros flat charge. [Poland] has a population of 38m. It is therefore charged a further 236.75 euros for each million of population making a new total of 9,825.12 euros. In the following year it would rise by the rate of inflation, unless the Annual Assembly agrees to a proposal to raise the basic fee levels or vary this system.
