“You don't sleep well. You think about the fact that they are not around anymore. I also thought about, what his brother was thinking about me, cause him I know really well. I was afraid, he would blame me. And how about his parents were – they are so cool to be together with. They didn't deserve him to die like that”

“I cannot see my future. I don't know what to do. I only look at one day at a time. I don't have enough strength to look further than that. “
