To calculate a membership fee:

- A flat charge of 795.68 euros for all Broadcast members (as of 2013)
- Thereafter a further 227.34 euros (in 2013) for every million of inhabitants in the region or state where the member broadcasts. The number of viewers is the “universe” of viewers and equates to the population of the country.
- In addition, there is an automatic annual adjustment for the rate of inflation as defined by the uplift based on the HICP-Eurostat annual inflation rate for the previous year.

So in 2014, for instance, [TVP]’s fee is XXXX flat charge. [Poland] has a population of XXm. It is therefore charged a further XXX euros. TVP’s total fee is XXXX. Next year it will rise by the rate of inflation, unless the Annual Assembly agrees to a proposal to raise the basic fee levels.
